ECE 201:DESIGN PROJECT 2 WEEKLY PROGRESS REPORT

PROJECT TITLE:	Automated Library Management System using Barcode and RFID
-----------------------	---

PROPENENTS:	Melvin Dela Cruz Carlo Dominic De Guzman John Philip Tuazon Joash Christian Liwanag
Date Submitted	October 19, 2018
Period Covering	October 22, 2018 TO October 26, 2018
Over-all Project Status (%)	10%

Status	Milestone Description
	Purchasing of Items
	Connecting the MySQL Database to Visual Studio

Highlight Progress

```

Imports MySql.Data.MySqlClient

Public Class Form1
    Dim connection As MySqlConnection
    Dim command As MySqlCommand

    Private Sub dgdt_CellContentClick(sender As Object, e As DataGridViewCellEventArgs) Handles dgdt.CellContentClick
        End Sub

    Private Sub Button1_Click(sender As Object, e As EventArgs) Handles Button1.Click
        connection = New MySqlConnection
        connection.ConnectionString = "server=localhost;port=3306;username=root;password=844739_yashdy5Q;"
        Dim table As New DataTable
        Dim idsource As New BindingSource
        Dim da As New MySqlDataAdapter

        Try
            connection.Open()
            Dim query As String
            query = "select device_name, device_type, device_model,description from test.devices"
            command = New MySqlCommand(query, connection)
            da.SelectCommand = command
            da.Fill(table)
            idsource.DataSource = table
            dgdt.DataSource = idsource

            connection.Close()
        Catch ex As MySqlException
            MessageBox.Show(ex.Message)
        Finally
            connection.Dispose()
        End Try
    End Sub
End Class

```

Figure 1. Visual Basic code to connect to MySQL.

	device_name	device_type	device_model	description
▶	akagi	Server	Old PC	Pentium 4, 256M...
	ayanami	Phone	iPhone SE	64GB, iOS 12
	fubuki	Phone	Xiaomi Mi A1	64 GB, Android 8.1
	aoba	Laptop	Acer Aspire V 15	Core i5 - 5200U, ...
	otori	Game Console	Playstation 4	500GB HDD
	chidori	Game Console	Xbox One S	500GB, US Region
*				

Load Table

Exit
